California's historic election is quickly approaching.

Here is important information that every eligible California voter needs to know:

Voter registration deadline is Sept. 22. Any eligible California voter not already registered must register no later than Monday, September 22nd.

Absentee ballot applications must be turned in Sept. 8 – 30. The period for applying for an absentee ballot by mail opens on September 8th and closes on September 30th.

Sample Ballots can be marked and brought to the polls for guidance.

There is a two-part recall question, including 135 replacement candidates for governor, and two statewide propositions on the ballot, propositions 53 and 54. Marking your Sample Ballot beforehand and bringing it to the polls will help you vote quickly and confidently.

Your polling place may be different — the back of your Sample Ballot indicates the correct location. Your normal polling place may not be open on October 7th. Make sure that you check the back of your Sample Ballot to find the address of your polling place. You may also contact your county election official to find your polling place.

County voting systems may be different — optical scan, punch-card and touch screen. Make sure you know which system your county uses. Simple, step-by-step instructions on how to use each voting system are available at www.myvotecounts.org.

Information on these issues and more can be obtained by going to www.myvotecounts.org.

***Make sure that
your vote counts
on October 7th***
